To Whom It May Concern:

It is with great pleasure that I recommend Jonathan Portillo to you. He is a remarkable student and is a pleasure to have him in my technology class. I have taught him since September, 2011 been a diligent and hardworking member if the Technology Academy both now and then. Jonathan is smart, hardworking and follows his instincts to create opportunities for himself.

In my class Jonathan has created original websites using Adobe Dreamweaver and online content management systems as well as banners in Photoshop and animations using scratch and Adobe Flash. When working with Adobe Flash CS5, Jonathan understood and grasped the concept very quickly. He used his problem solving skills to help and find a solution whenever necessary. He was a prime example of a socially responsible person by helping his fellow peer whenever possible.

If you have any questions or concerns in regards to Jonathan, please feel free to contact me at (323) 854-6817. Thank you for your attention.

Sincerely,

Leslie Aaronson

Lead Technology Teacher
